

Pediatric Well-Child Checkup Report

Visit Date: 2025-12-22
Physician: Dr. Fatma Trabelsi, MD
Patient Name: Sana Ferjani
Date of Birth: 12 June 2020
Age at Visit: 5 years 6 months
Gender: Female
Parent/Guardian: Mrs. Amel Ferjani (Mother)

Reason for Visit

Routine well-child checkup (5-year-old visit). No acute complaints reported by parent.

History

- Prenatal and birth history unremarkable. Full-term normal delivery.
- Developmental milestones achieved on time.
- Immunization status: Up to date (including DTaP, IPV, MMR, Varicella, Hepatitis A/B, PCV13, and COVID-19 series).
- Past medical history: Occasional upper respiratory infections, no hospitalizations, no chronic conditions.
- Family history: No significant hereditary diseases.
- Social: Lives with parents and one older sibling. Attends kindergarten. Good appetite and sleep pattern.

Physical Examination

- | | | |
|-----------------------|----------------------------------|---|
| • Vital Signs: | Height: 112 cm (50th percentile) | Weight: 19.5 kg (55th percentile) |
| | BMI: 15.5 (50th percentile) | Head circumference: 51 cm (50th percentile) |
| | Temperature: 36.8°C | Heart rate: 92 bpm |
| | Respiratory rate: 22/min | Blood pressure: 98/62 mmHg |
- General: Alert, active, cooperative child in no distress.
 - HEENT: Normocephalic. Eyes clear, red reflex present bilaterally. Ears clear. Throat non-inflamed.
 - Neck: Supple, no lymphadenopathy.
 - Chest: Clear to auscultation bilaterally, good air entry.
 - Cardiovascular: Regular rhythm, no murmurs.
 - Abdomen: Soft, non-tender, no organomegaly.
 - Genitourinary: Normal external genitalia for age.
 - Musculoskeletal: Full range of motion, no deformities.
 - Skin: Clear, no rashes.
 - Neurological: Gross motor and fine motor skills appropriate for age. Normal gait.

Developmental Screening

Passed age-appropriate screening (speech clear and understandable, follows 3-step commands, draws a person with 6 parts, knows colors and counts to 10).

Assessment

Healthy 5-year-old girl with normal growth and development. All parameters within expected ranges for age.

Plan

- Continue healthy diet and regular physical activity.
- Kindergarten entry requirements met.
- Next well-child visit scheduled at 6 years of age.
- No additional immunizations due at this visit.
- Dental referral for first dental checkup encouraged.
- Safety counseling provided (car seat/booster, helmet use, stranger safety, screen time limits).
